

NEW AGENT REQUESTS

NEW BOOKING AGENT REQUESTS

As a general rule for any new off-shore based agents outside of New Zealand our first recommendation is to review our [list of Inbound Operators \(IBO's\)](#) that we currently work with. These New Zealand specialists actively book and promote our activity options as well as a whole host of other New Zealand product and can help you put together complex itineraries.

For those wishing to pursue a direct agreement both at home or abroad the first step is to complete the form in the link below;

<https://bungynz.futuresimple.com>

This helps us learn more about your market, key customer demographics and how they choose to travel, key information for us is how long you have been operating for and how many annual customers you have to New Zealand. All of this detail helps us to provide better support to you in terms of how to position and promote our products to your customers.

TRADING TERMS

As standard, we will offer you a pre-payment agreement with access to an online booking portal with a minimal set commission value. These terms are open to negotiation after an initial 12 month trading period any changes will take into consideration your sales volume.

We look forward to hearing from you.
