ACTIVITIES

QUEENSTOWN

BUNGY

Back in 1988 two pioneers jumped into the world spotlight by launching the world's first commercially operated Bungee Jumping site. Today we have three Bungee Jump options available in Queenstown. Each jump site offers a different experience. The Kawarau Bridge is the original and arguably still our most popular jump. The Ledge is our freestyle Bungee, where you can do a running jump plus try out some different jump styles, and the Nevis Bungee is the highest in Australasia at 134 metres (439ft).

ZIPRIDE

The Zipride is an excellent option for conference and incentive groups. Without the fear factor of some of our other options this is pure and simple FUN for all! Comprised of 3 x 130m (426ft) zip lines the Zipride can take up to six people at once, allowing for solo or tandem rides and with a variety of ride styles (including superman and upside-down), you can take your pick as you race against friends and colleagues reaching speeds of up to 60kph (37mph)

SWING

Queenstown is the home of two exciting swings. The Ledge Swing, located at the top of the Skyline Gondola provides stunning views over Queenstown with Lake Wakatipu and the rugged mountains beyond. Our Nevis Swing (pictured above) is world famous. Here you will be suspended 160m (524ft) above the canyon floor and be released across the valley reaching speeds of 120kph (74mph). Ramp up the fun factor by riding forwards, backwards, tandem, truck'n trailer, yin and yang, back2back, honeymoon and much more.

CATAPULT

The Catapult is our newest ride, launched in August 2018. This is a softer experience than Bungee and gives the rider an awesome sensation of flight as you are propelled forward reaching speeds of up to 100kph in just 1.5seconds flat. All that you need to do is strike a Superman pose and enjoy.
